TO WHOM IT MAY CONCERN

This letter services to confirm that Kings Transport has provided internal moving services to Ernst & Young since 2001.

Over the years, as teams within our business have changed, it has been necessary to move staff in those teams, to different locations within and between our two buildings situated at Wanderers Office Park, 52 Corlett Drive, Illovo .

Ronel Graulich has always understood our brief, and accurately interpreted our needs. Her service has been outstanding, although often she has been given very short notice to provide us with staff and moving equipment.

The staff she has provided us with have been honest, reliable and hardworking.

We have had no issues with items being removed from our premises.

Should you require further details, kindly contact me on either 011 502-0297, or on 083 611 1645.

Yours faithfully

Karin Eley
Manager
Facilities
